

I Got the Job!

Engaging at the UNH ECenter helped me get hired.

Brandon Smith

Program Manager at Microsoft
Greater Boston Area

Microsoft

University of New
Hampshire
Computer Science

"During my interview process at Microsoft, I was able to talk about my ECenter experiences as founding member and chair of the board of the Makerspace and winning 3rd place in the Holloway Competition, which gave me a big advantage over others under consideration. The ECenter really gave me the experiences and tools to be an innovator that Microsoft values."

ECenter Career Impact

Companies today look for proven innovative problem solvers. The high-impact experiential programs at the ECenter are designed to provide students with those skills and tools.
