

# NSSE 2021 Snapshot

## University of New Hampshire at Durham

## A Summary of Student Engagement Results

Student engagement represents two critical features of collegiate quality. The first is the amount of time and effort students put into their studies and other educationally purposeful activities. The second is how institutional resources, courses, and other learning opportunities facilitate student participation in activities that matter to student learning. NSSE surveys undergraduate students in their first and final years to assess their levels of engagement and related information about their experience at your institution.

**Comparison Group** 

The comparison group featured in this report is

#### **Peer institutions**

See your *Selected Comparison Groups* report for details.

This *Snapshot* is a concise collection of key findings from your institution's NSSE 2021 administration. We hope this information stimulates discussions about the undergraduate experience. Additional details about these and other results appear in the reports referenced throughout.

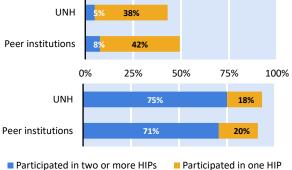

<b>Engagement Indicators</b> Sets of items are grouped into ten			Your students compared with Peer institutions	
Engagement Indicators, organized	Theme	Engagement Indicator	First-year	Senior
under four broad themes. At right are summary results for your	Academic Challenge	Higher-Order Learning	$\nabla$	
Institution. For details, see your Engagement Indicators report.		Reflective & Integrative Learning		
Ingugement Indicators Teport.		Learning Strategies		
Key:		Quantitative Reasoning		
Your students' average was significantly ▲ higher (p < .05) with an effect size at least .3 in magnitude.	Learning	Collaborative Learning	▼	
Your students' average was significantly $\bigwedge$ higher ( $p < .05$ ) with an effect size less than .3 in magnitude.	with Peers	Discussions with Diverse Others	▼	▼
No significant difference.	Experiences	Student-Faculty Interaction		Δ
<b>Your students' average</b> was significantly was lower ( $p < .05$ ) with an effect size less than .3 in magnitude.	with Faculty	Effective Teaching Practices		Δ
<b>Your students' average</b> was significantly lower ( $p < .05$ ) with an effect size at least .3 in magnitude.	Campus Environment	Quality of Interactions		Δ
		Supportive Environment	$\nabla$	

## **High-Impact Practices**

Due to their positive associations with student learning and retention, special undergraduate opportunities are designated "highimpact." For more details and statistical comparisons, see your *High-Impact Practices* report.

### First-year

Service-Learning, Learning Community, and Research w/Faculty Senior Service-Learning, Learning Community, Research w/Faculty, Internship, Study Abroad, and Culminating Senior Experience

## Academic Challenge: Additional Results

The Academic Challenge theme contains four Engagement Indicators as well as several important individual items. The results presented here provide an overview of these individual items. For more information about the Academic Challenge theme, see your *Engagement Indicators* report. To further explore individual item results, see your *Frequencies and Statistical Comparisons*, the *Major Field Report*, the *Online Institutional Report*, or the Report Builder.

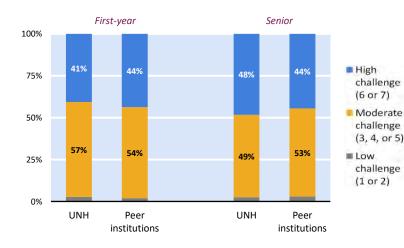

#### **Reading and Writing**

These figures summarize the number of hours your students spent reading for their courses and the average number of pages of assigned writing compared to students in your comparison group. Each is an estimate calculated from two or more separate survey questions.

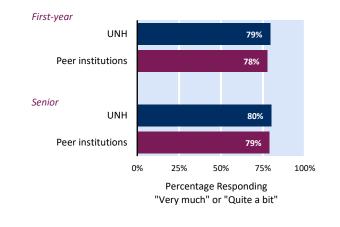

## **Challenging Students to Do Their Best Work**

To what extent did students' courses challenge them to do their best work? Response options ranged from 1 = "Not at all" to 7 = "Very much."

#### **Academic Emphasis**

How much did students say their institution emphasizes spending significant time studying and on academic work? Response options included "Very much," "Quite a bit," "Some," and "Very little."

## **Item Comparisons**

By examining individual NSSE questions, you can better understand what contributes to your institution's performance on the Engagement Indicators. This section displays the five questions<sup>a</sup> on which your students scored the highest and the five questions on which they scored the lowest, relative to students in your comparison group. Parenthetical notes indicate whether an item belongs to a specific Engagement Indicator or is a High-Impact Practice. While these questions represent the largest differences (in percentage points), they may not be the most important to your institutional mission or current program or policy goals. For additional results, see your *Frequencies and Statistical Comparisons* report.

#### First-year

#### **Highest Performing Relative to Peer institutions**

Instructors provided feedback on a draft or work in progress<sup>c</sup> (ET) Quality of interactions with student services staff (...)<sup>d</sup> (QI) I feel valued by this institution.<sup>h</sup> (SB)

Instructors provided prompt and detailed feedback on tests or completed assignments<sup>c</sup> (ET) Assigned more than 50 pages of writing<sup>g</sup>

#### **Lowest Performing Relative to Peer institutions**

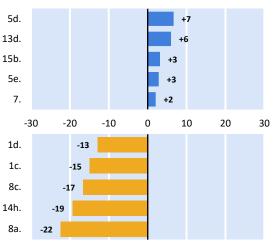

Prepared for exams by discussing or working through course material w/other students  $^{\mathrm{b}}$  (CL)

Explained course material to one or more students<sup>b</sup> (CL)

Discussions with... People with religious beliefs other than your own<sup>b</sup> (DD)

Institution emphasis on attending campus activities and events  $\left(\ldots\right)^{c}$  (SE)

Discussions with... People of a race or ethnicity other than your own<sup>b</sup> (DD)

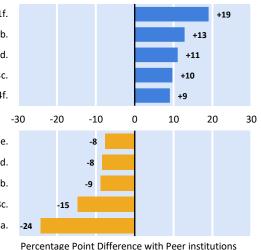

Percentage Point Difference with Peer institutions

## **Highest Performing Relative to Peer institutions**

Completed a culminating senior experience () (HIP)				
Quality of interactions with academic advisors <sup>d</sup> (QI)				
Quality of interactions with student services staff $\left( ight)^{d}$ (QI)				
Quality of interactions with faculty <sup>d</sup> (QI)				
Institution emphasis on providing support for you	ur overall well-being <sup>c</sup> (SE)	14f.		
Lowest Performing Relative to Peer institutions			80	-2
Institution emphasis on providing opportunities t	to be involved socially <sup>c</sup> (SE)	14e.		
Institution emphasis on encouraging contact among students from different backgrounds <sup>c</sup> (SE)				
Discussions with People from an economic background other than your ${\sf own}^{\sf b}$ (DD)				
Discussions with People with religious beliefs o	ther than your own <sup>b</sup> (DD)	8c.		
Discussions with People of a race or ethnicity o	ther than your own <sup>b</sup> (DD)	8a.	-24	

a. The items on this page come from the Engagement Indicators (EIs), High-Impact Practices (HIPs), Sense of Belonging (SB), the academic challenge questions on page 2, and four additional questions about effective teaching (new in 2021). Key to abbreviations for EI items: HO = Higher-Order Learning, RI = Reflective & Integrative Learning, LS = Learning Strategies, QR = Quantitative Reasoning, CL = Collaborative Learning, DD = Discussions with Diverse Others, SF = Student-Faculty Interaction, ET = Effective Teaching Practices, QI = Quality of Interactions, SE = Supportive Environment.

f. Estimate based on the reported amount of course preparation time spent on assigned reading.

g. Estimate based on number of assigned writing tasks of various lengths.

h. Combination of students responding "strongly agree" or "agree."

b. Combination of students responding "very often" or "often."

c. Combination of students responding "very much" or "quite a bit."

d. Rated at least 6 on a 7-point scale.

e. Percentage reporting at least "some."

## University of New Hampshire at Durham

## **How Students Assess Their Experience**

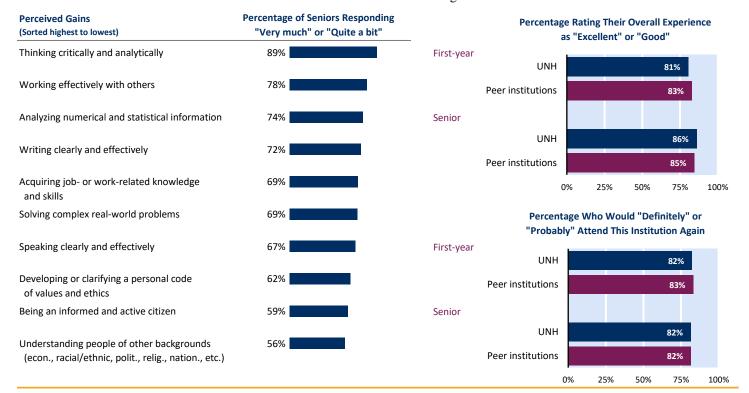

Students' perceptions of their cognitive and affective development, as well as their overall satisfaction with the institution, provide useful evidence of their educational experiences. For more details, see your *Frequencies and Statistical Comparisons* report.

### **Perceived Gains Among Seniors**

Students reported how much their experience at your institution contributed to their knowledge, skills, and personal development in ten areas.

### Satisfaction with UNH

Students rated their overall experience at the institution, and whether or not they would choose it again.

## **Administration Details**

#### **Response Summary**

	Count	Resp. rate	Female	Full-time
First-year	631	33%	66%	100%
Senior	789	28%	65%	97%

See your Administration Summary and Respondent Profile reports for more information.

# Additional Questions

Your institution administered the following additional question set(s): **Experiences with Writing First-year Experiences and Senior Transitions** See your *Topical Module* report(s) for results.

## What is NSSE?

NSSE annually collects information at hundreds of four-year colleges and universities about student participation in activities and programs that promote their learning and personal development. The results provide an estimate of how undergraduates spend their time and what they gain from attending their college or university. Institutions use their data to identify aspects of the undergraduate experience that can be improved through changes in policy and practice.

NSSE has been in operation since 2000 and has been used at more than 1,600 colleges and universities in the US and Canada. More than 90% of participating institutions administer the survey on a periodic basis.
