Commentary

The Non-Recurring Operating Income contains the impact of one-time items not expected to repeat in future fiscal years. This primarily includes expenses related to key strategic initiatives such as the ERP and GSC Merger.

Commentary

GSC numbers are not included in prior fiscal years
Operating Margin: FY24 YTD Operating Margin is temporarily inflated due to the recognition of spring semester tuition revenue without all the offsetting employee compensation and support expenses.

Undergraduate Enrollment: Undergraduate Enrollment reflects final Fall R30 census data. Budget and YTD headcount includes Durham only as of fall 2023.

Graduate Enrollment: Graduate net tuition fluctuates throughout the year due to differing programmatic schedules and timing of financial aid postings. The FY24 Budget for graduate enrollment is not currently available as this datapoint was not part of the budget submission.

Balances: FY24 YTD Unrestricted reserves balance is temporarily inflated due to the timing of Operating Income described above. Current Use Gift fund balance excludes certain funds not available for spending (i.e. pledges, investments, future capital projects, accounting adjs). Restricted reserves include endowment corpus and net investment in capital plant and equipment.
