Draft BELS Teacher Application (Online)

(This draft copy of the BELS online application is made available for potential applicants to review and consider all of the items needed to submit an application. The actual application is completed online only and must be completed in a single session. Applicants can use this draft copy to identify all the questions and necessary materials needed to complete the application.

START OF APPLICATION
Welcome to the online application page for the Building Equity Leaders in STEM for NH

Please note that this form cannot be saved and returned to for completion at a later time. If you have not reviewed the content and requested materials for this application online or via hardcopy form, it is recommended that you exit this form and familiarize yourself with the application and then gather the information prior to your online form submission.

To complete this online application in a single session, in addition to providing responses to the prompts you will also need the following ...

1) copies of all college and university transcripts compiled into a single document for upload (for guidance on packaging transcripts into a single document for upload send email to steve.hale@unh.edu)
2) your completed 2-page personal statement
3) names of two reference letter writers

Questions about this application can be directed to steve.hale@unh.edu.

At which partner school district are you teaching?

- Manchester
- Nashua
- Rochester

Enter the name of your district's BELS in NH point-of-contact (POC) to whom you provided your intention to apply.

Identify the school within your district where you provide most or all of your teaching service.
Indicate the number of years teaching STEM content at the indicated grade-level

College and University Attendance – List all colleges and universities attended and year of any conferred degrees in order of most recent first. List should include all PhD, Masters, Bachelors, or professional degrees attained. For example, ...

Northern Noyce University  M.A.  Education  2011
Noyce State University    B.S.  Chemistry  2009
Noyce Community College   General Studies

For each college and university listed in the previous questions you must submit academic transcripts from each institution (unofficial transcripts are accepted). Please submit all transcripts as a single document. (For guidance on how to package transcripts into a single file, send email to steve.hale@unh.edu).
List your in-service teaching history for the past 10 years in order of most recent first. List should include school name and years served. For example, ...

Noyce Middle School 2019-2020
Springfield High School 2017-2018
West Elm Junior High School 2011-2016
List the STEM course or content areas that best describes your current teaching focus (you may check more than one if there is even balance in your foci).

- Biology / Life Science
- Chemistry
- Computer Science / Coding
- Earth Science / Geology
- Engineering
- Environmental Science
- General Science
- Integrated STEM
- Mathematics
- Physics
- Other ________________________________________________

List any professional society memberships within the past five years. Please list the active memberships first (If you have none, then simply type None). For example, ...

National Science Teachers Association 1996-present
New Hampshire Teachers of Mathematics 2018-present
Society for Geology Educators 2016-2017
American Society of Engineering Educators 2015-2019
Please rate your experience in the following STEM curricular areas.

Indicate if you served in any leadership roles (executive officer, chairperson, or subcommittee chairperson) in any education organizations within the last five years. If you have not served in any leadership roles, then simply type None.
Prepare and upload a typed personal statement (minimum 12 pt., single-spaced; maximum 2 pages) that 1) describes how you envision your completion of the program enhancing your personal goals and your school’s or district’s goals; 2) describes your commitment to completing the five year program; and 3) demonstrates (with examples) your commitment to the advancement of equity in STEM education. Statements must be uploaded in Word or PDF formats.

Please request submission of two letters of recommendation for this program by persons writing about both your demonstrated and your future potential to serve in a leadership role that advances equity in STEM education. Please provide the name and email address for each letter writer below. (Instructions for Letter Writers: Please have Letter Writers email their signed and dated letter of recommendation to steve.hale@unh.edu. Please include in the Subject Line: BELS Application LOR for <applicant's name>.)

☐ Letter 1
